4/8/04	A02-05-004	Southern California Edison Company (U 338-E), for Authority to Increase, among other things, its Authorized Revenues for Electric Service in 2003, and to Reflect that Increase in Rates

**Summary:** On April 5, 2004, Bruce Foster, Vice President, San Francisco Region, Southern California Edison Company (SCE), met in an all-party meeting with Cmmrs. Kennedy and Brown in San Francisco. Also present were Brian Prusnek, advisor to Cmmr. Kennedy, David Gamson, advisor to Cmmr. Brown, and representatives of the Office of Ratepayer Advocates, The Utility Reform Network, Aglet Consumer Alliance, San Diego Gas & Electric Company, and Pacific Gas and Electric Company (PG&E). Written materials (attached to the notice) were used. Foster discussed issues SCE has with the proposed decision (PD). With respect to the PD's allowed level of depreciation expense, Foster noted that the PD would leave in place a 10 year old depreciation study that relies on data that in some cases is over 20 years old. Foster discussed SCE's position on customer deposits and stated that the recommendation adopted by the PD is contrary to Commission policy. Foster discussed the PD's disallowance of pole replacement costs and stated that the PD erroneously adopted PG&E's forecast of pole replacement costs rather than SCE's

pole replacement cost forecast. Foster discussed the PD's disallowance of \$10.8 million related to real time energy meters and stated that SCE reasonably believed its expenditures were consistent with State energy policy. Foster discussed the disallowances in the PD for SONGS 2 and 3 operation and maintenance expenses and stated that these reductions should be rejected. Finally, Foster discussed the PD's disallowance of information technology expenses.

4/13/04	A02-05-004	Southern California Edison Company (U 338-E), for Authority to Increase, among other things, its Authorized Revenues for Electric Service in 2003, and to Reflect that Increase in Rates.
	I02-06-002	Investigation on the Commission's own motion into the rates, operations, practices, services and facilities of Southern California Edison Company.

**Summary:** On April 8, 2004, Bruce Foster, Vice President, San Francisco Region, Southern California Edison Company (SCE), had a telephone conversation with Brian Prusnek, advisor to Cmmr. Kennedy. Foster stated that the proposed decision (PD) did not reflect the actual costs for net salvage that SCE has been incurring over the last five years; rather, the PD relied on a study that was over 10 year old. Foster explained that by ignoring the substantial cost increases for the removal of plant, utility rate base will be inflated and SCE's customers will pay higher rates now and in the next general rate case.
